Winnipeg Greets Goodwill Squadron Of U.S. Army Planes

Ten Bombers Alight at Manitoba Capital For Overnight Stay on Way to Alaska

LARGE CROWD AT THE AIRPORT

Canadian Press
Winnipeg, July 20.—The ten United States army bombers, making a goodwill flight to Alaska via western Canada, alighted at Stevenson's Field here at 11:30 this forenoon, C.S.T., completing a hop from Minneapolis in two hours and twenty-five minutes.
The planes left Minneapolis at 8:35 a.m. flying in groups of three, the giant army ships passed over the edge of this city, broke formation and made several wide swings of the field before swooping in for a landing.
Apparently delayed by a heavy haze and a slight shower, the last four ships circled the field for several minutes before following the first six to the ground. The last plane touched the earth at 12:07 p.m. The fliers were greeted by a large throng at the airport.
They will stay here till tomorrow morning.
Known as "agglers," the Martin bombers are sixty feet from nose to tail tip, power of 700 horsepower twin engines and are capable of carrying a bomb load of 2,000 pounds, together with a passenger crew for four men.
The fliers expect to reach Fairbanks on Monday, after stopping briefly at several points in Canada, including Prince George, B.C., and Whitehorse, Y.T.

MACDONALD DIGBY VISITOR

British Prime Minister Welcomed to Town by Premier of Nova Scotia

Canadian Press
Digby, N.S., July 20.—Great Britain's health-seeking Prime Minister set foot on Nova Scotia soil to-day for the first time. After a voyage across the Bay of Fundy from Saint John, N.B., Mr. Macdonald, accompanied by his daughter, Isabel, arrived here on their vacation trip through the Canadian Maritime provinces.
They are expected to remain here about two weeks; the Prime Minister seeking relaxation from the cares of office.
A fellow Scot was first to greet Mr. Macdonald as the steamer Princess Helen came up to the dock. Hon. Angus L. Macdonald, Premier of Nova Scotia, met the British Prime Minister.

NOT IN GALE

Mr. Macdonald, who learned Gaelic among the Scottish people in his native Cape Breton, had been prepared to welcome his namesake in the Highland tongue, but, somewhat ruefully, the Scotland-born Premier of Great Britain confessed he could not speak Gaelic.
In accordance with his plans to dissociate himself from political matters during this vacation, the British Prime Minister had little to say to reporters who questioned him about (Turn to Page 2, Col. 6)

File Appeal In Edmonton Case

Counsel For MacMillans Ask Higher Court to Rule on Action Against Brownlee

Canadian Press
Edmonton, July 20.—Notice of appeal against the decision of Mr. Justice W. C. Ives in the MacMillan-Brownlee suit was filed here to-day by Neil D. McLean, K.C., counsel for the MacMillans, and his daughter, Vivian MacMillan, of Edmonton.
The appeal will be taken to the appellate division of the Supreme Court of Alberta.

Jobless Insurance Under Investigation

Action to Be Taken by Province if Dominion Authorities Do Not Move, Declared Hon. G. M. Weir; State Health Insurance Would Save B.C. \$35,000,000 Annually

Associated Press
Chicago, July 20.—Federal Judge Charles E. Woodward to-day decided against the Canada Steamship Lines Ltd. in the suit it brought against the Great Lakes Dredge and Dock Company.

SAANICH LOSES WELL-KNOWN SON

Walter Edward Heal Lived Sixty-seven Years on Farm Where He Was Born

After residing all his life on the farm on which he was born sixty-seven years ago, Walter Edward Heal, one of the best known and most respected of Saanich, passed away shortly before 6 o'clock this morning in St. Joseph's Hospital.
Mr. Heal was a member of one of the oldest pioneer families in Saanich, which at one time owned much property in the district, including the site of the present rifle range at Saanich, in addition to the large farm on the East Saanich Road, where Mr. Heal resided. As a boy he attended the Royal Central School, riding in on horseback every day, and in his lifetime he saw the transition of Saanich from the virgin forest into a splendid productive farming area.
Mr. Heal was survived by his widow, at the family residence, three sons, Gilbert, at Saanich; Earl, Victoria; and Robert, Saanich; two daughters, Mrs. J. Macmillan, Victoria, and Mrs. J. Myrick, Saanich; one brother, Harry Heal, Victoria; sixteen grandchildren and three great-grandchildren.
The remains will leave McCall Bros' Funeral Home on Sunday afternoon at 2:45 o'clock, proceeding to St. Michael's Church, Oak Bay, where Mr. F. Conley will conduct the service at 3 o'clock. Interment will be in the cemetery.

ITALY'S TRADE SWING
Rome, July 20 (Associated Press).—Italy's unfavorable trade balance during the first half of this year was announced to-day as 1,235,000,000 lire (about \$117,125,000). Imports amounted to 4,597,000,000 lire and exports to 3,362,000,000 lire.

MEMBERS OF NEW SASKATCHEWAN CABINET

In the new Liberal ministry in Saskatchewan, headed by Premier J. G. Gardiner, the ministers, pictured above, are in charge of departments as follows: Hon. R. A. M. Fisher, left, Minister of Agriculture, Centre, Telephone, and Hon. J. M. Urick, M.D., right, Provincial Secretary and Public Health. The cabinet took office yesterday at Regina.

DUTY ON GASOLINE IS TO BE REDUCED BY CENT A GALLON

Order-in-Council Announced at Ottawa To-day; Hogs and Cotton Included in Change

Canadian Press
Ottawa, July 20.—An order-in-council which will have the effect in many cases of lowering imports on United States gasoline coming to Canada by one cent a gallon has been passed by the Dominion Government.
The order is based on authority of two bills passed at the last session of Parliament amending the Customs Act so as to exempt from duty the United States on products there might be disregarded by Canadian customs inspectors in deciding on the fair market value of any product.
The United States has an excise tax of one cent a gallon on gasoline. In the past the fair market value of gasoline with this included was fixed by Canadian customs officials. The change does not affect the regular tariff on gasoline, which is 9 1/2 cents a gallon, but in most cases a dumping duty has also been levied and this will be reduced by one cent a gallon. An incident demand for this change has come from western Canada.

OTTAWA RIFLE TEAM CHOSEN

Five Victorians Will Make Trip East For Classic D.C.R.A. Prize Meet

The team of fourteen will leave Vancouver about August 1, and on arrival at Ottawa will be joined by the two British Columbia members of the Canadian team now competing at Bliley, Corp. B. W. Beaumont and Corp. H. L. Taylor, both of Vancouver.
The only doubtful member of the team is A. C. D. Henderson, R.C.A.F. (N.F.), Vancouver, and if he is unable to make the trip, his place will be taken by R.F.M. P. M. Gibb, B.C. Regiment, Vancouver.

U.S. DOLLAR IN LONDON

London, July 20 (Associated Press).—The United States dollar gained 1/4 of a cent to the pound sterling here to-day to close at \$6.04 to the pound. The price of gold advanced 1/16 penny to 137 shillings, 10 1/2 pence (137/10 1/2). A fine ounce and an amount valued at \$121,000 (\$1,000,540) was purchased.

AUSTRALIAN WHEAT OUTLOOK

Sydney, Australia, July 20 (Associated Press).—Grain experts say the outlook for the Australian wheat crop is remarkably bright. Prime wheat advanced steadily this week, to-day's quotation being three shillings two pence a bushel, but farmers were reported to be holding their supplies from the market.

RIVAL NATIONS HUNGRILY EYE RICH SAAR REGION

During the next year the Saar region is likely to be the most fought-over piece of land in Europe. Germany and France eye it hungrily. The population will vote next year on the question of which nation they prefer to join. The problem is set out in a special article from London to be printed to-morrow as a feature of the Magazine Section of The Victoria Daily Times.

Other features of the Saturday Magazine Section will include: Victoria's Public Library has a record of service extending back over seventy years.
How a new mercury lamp, cheap to buy and operate, makes perfect sunlight.
Some of the trunk murders of the past which are being sifted for clues in the Tullahoma mystery.
How cryptography—the three-dimensional brown photography which Japanese have invented—works.

Incidents of the historic old Cariboo road are recalled.
J. G. Brown in Glasgow finds Scots still clinging to pagan superstitions.

The true story of a talented young girl who went with ambition to the big city, only to find the big city cruel to her.

Hundreds Suffer When Gas Used In Battle At Piers In Sound City

No Portland General Strike

Leaders Agree to Await Arbitration at San Francisco, Where Idle Return to Work

Associated Press
Portland, Ore., July 20.—Conservative labor leaders, while expressing indignation over mobilization of the Oregon National Guard for waterfront protection in Portland, to-day promised to refrain from a general strike move here pending maritime strike arbitration attempts in San Francisco.
United States Senator Robert F. Wagner of New York, a conciliator of labor disputes, said as he left by plane for San Francisco this morning he had received assurances labor would remain calm, at least until he had had time "to work things out in San Francisco."

ENGLAND-OTTAWA FLIGHT STARTED

London, Ireland, July 20.—On a flight over the Arctic route by easy stages from England to Ottawa, Canada, John Grierson, English flier, arrived here to-day from Rochester, England.
Grierson, flying a seaplane, will attempt a long hop on his next stage, with Godthaab, Greenland, as his objective.
He attempted a similar flight last August, but his machine was wrecked at Reykjavik, Iceland.

Nearly All of 2,300 Combatants Affected to Some Extent By Tear and Nausea Gases; Strikers Totalling 2,000 Driven From Waterfront By 300 Police

Mayor Smith Gets Whiff of Tear Gas

Seattle, July 20.—Mayor Charles L. Smith's 300 strike police, with floods of tear gas, swinging clubs and charging horses, routed 2,000 striking longshore pickets from the waterfront to-day in a spectacular battle. Scores were hurt, but none believed seriously.
Strikers fought back, hurling rocks and setting gas canisters before they could explode, and throwing them back at the police. Virtually every one of the 2,300 combatants was affected to some extent by the gas.
The battle was staged at Pier Forty and Pier Forty-one.
LED BY MAYOR
Officers led by Mayor Charles L. Smith followed the riotous strikers, using the riot clubs, and laid down a barrage of white tear and nausea gas.
Both police and strikers were affected as none used masks. Strikers resorted to handkerchiefs and sponges tied to their noses.
The popping of tear gas bombs, waving of flags, and figures of men crawling under the clouds where the gas reached them gave the impression of a serious brawl, but it was not believed by police any building was fired.
At least four policemen were hurt. Two ambulances started heading away the injured shortly after the police attack started.
MAYOR RETREATS
At the height of the battle, when some 300 bombs were hanging on all sides, the mayor—previously in charge of the police force of Seattle to-day—followed the riotous strikers before last midnight of Chief George F. Howard—got a whiff of tear gas as he stood on an overhead ramp and fled to his office. He was followed by the riotous strikers to Pier Forty-one. Dabbling his streaming eyes with a handkerchief, the mayor fled through a cloud of white smoke to safety in the dock building.
LIKE BATTLE
"It looked like a battle in the World War," those near the scene said. "Police lines, and officers on horse with swinging clubs, very driving the longshoremen back. They carried gas bombs in bags and heaved them into the crowd. The bombs, exploding, could be heard a mile away."
Strikers and officers tumbled to the ground by scores as the poisoning gas doubled them up in misery. The puffing white clouds of tear gas spouted up in a barrage over two city blocks in less than five minutes just behind the rows of (Turn to Page 2, Col. 3)

CHERRY PLANT LOAN BACKED

Government Aids Establishment of New Industry in B.C. Interior

Establishment of a new industry to add the cherry growers of the British Columbia interior was assured to-day when the provincial government approved a guarantee of a bank loan of \$5,000 to the Royal Fruit Products Limited for a processing plant.
The plant will be established at Sumas, B.C., and the initial plans call for the processing of 100 tons of Royal Anne cherries, according to the order and for filling market requirements in the future.
The government guarantee was given through the Department of Industries on the same basis as one granted last week to a timber mill at Nakusp.
The cash will be obtained from the bank and repaid by guarantee of the government. The whole plant is secured by chattel mortgage.

Kolapore Cup Won By Canadian Shots

Dominion's Marksmen at Bisley Continue Brilliant Performance to Capture Second Great Team Shoot By Ten-point Margin; Nine Canadians in Final Stage of King's Prize

NINE HURT IN STRIKE CLASH

Associated Press
Minneapolis, July 20.—Nine persons, including two policemen, were reported wounded in the first outbreak of violence in Minneapolis's second truck drivers' strike to-day.
The national guard, one battalion of which had been held in readiness at the army base since the strike started last Monday, immediately was dispatched to the scene, a few blocks from where two men were slain in the bloody riots of last May when truck drivers called their first walk-out.

Canadians Camp, Eng. July 20.—Sharpshooters Canadians to-day added the historic Kolapore Challenge Cup to the Mackinnon Cup, making a clean sweep in the two great team trophies of the empire meeting of the National Rifle Association here.
The Canadians, sweeping irresistibly towards the climax of the big meet, recovered the Rajah of Kolapore's Imperial Challenge Cup from the Mother Country, which had taken it from Canada last year. It was the fifteenth win for the Canadians since the match was first first back in 1871. They took the Mackinnon (Turn to Page 2, Col. 1)

Winnipeg Man Robbed of \$730

Canadian Press
Winnipeg, July 20.—Kidnapped by three bandits as he was leaving home to his automobile to-day, Charles Brown, Vancouver, was taken in his own car to the outskirts of the city, robbed of \$730 in cash and cheque and left stranded on the road.

Nazi Courtmartial Rumors Persist

Party Tribunal of Three Reported to Be Sentencing Persons Day and Night in Munich, But Official Denials of Stayings Are Made

BUSINESS GAINS ARE REPORTED

Associated Press
New York, July 20.—Dow, Jones and Co. says New York, not named, who has just returned from a journey in Canada, states the Dominion is ahead of the United States as far as business readjustment is concerned.
He said, according to the news agency, the lumber export business was particularly good from the Dominion, and that the sound economic speculation going on in Canadian mining shares and in wheat. There was little or no attention being paid to securities, he added.
EXPLOSION KILLS TWO MEN
Port Vendre, France, July 20 (Associated Press from Havre).—Two men were killed, and considerable damage was caused when an explosion occurred to-day at the Vendre Dynamite Works.

Beach Babies

Little Betty in the sun-bat suit is intent upon testing the temperature of the water, or maybe she is trying to grab a jellyfish, but this trio is undoubtedly enjoying a happy time on the beach at Patricia Bay.
Standing, to give emphasis to her height as she poses, is Amy Lettice Matthews, granddaughter of Major Z. S. Matthews of Vancouver, who, with Florence James and Betty Lou James of Sidney, spent most of her holiday on the beaches of Saanich peninsula.

Throngs of Shoppers Will Be Attracted By These Values

HUNDREDS HAVE ATTENDED THIS GREAT CLEARANCE SALE! BECAUSE THEY ARE ECONOMICAL BUYERS! BECAUSE OF THE APPEALING STYLES! BECAUSE THE REDUCTIONS ARE GENUINE!

Nazi Courtmartial Rumors Persist

(Continued from Page 1)

can say nothing," the special Reich Ministry of Justice referred an interrogator to the secret police as competent, adding, however, "but the figures, I am sure, are exaggerated."

Called NONSENSE

The Berlin secret police referred the question to its Munich organization, where an official listened attentively and then commented: "Nonsense. No one is being held."

"Sensational mongering," was another term applied to the rumors, both here and abroad, by those officials who had not left the capital to escape the burning heat.

Among the reports was one of foreign origin that 2,000 persons were killed in and after the revolt of June 30, and that prisoners at the Dachau concentration camp were murdered.

Although the reports most promptly denied, belief prevailed in many quarters the government had not dealt frankly enough with the public on the reasons and the internal changes of policy were under way.

Kolapore Cup Won By Canadian Shots

(Continued from Page 1)

Canada wound up the Kolapore shoot with an aggregate of 1,128 points. The Mother Country had 1,110 India 1,000, Jersey 1,064 and Gurnsey 1,072.

ARE CONSISTENT

The Canadians individually shot very consistently. Martinson and Boreland shared honors with 143 out of a possible 150. Lieut. Neal Dow, Saint John, N.B., and George Smith, Toronto, had 142. Capt. A. C. Lucas, Toronto, and young Donald McLeod, Saint John, had 140. Cpl. B. W. Beaumont, Vancouver, scored 138, and Lieut. Sweet 137.

Canadian success continued when Private P. J. Martinson, La Tuque, Que., got into a tie for the grand aggregate with two other marksmen out of a thousand entrants.

Martinson then led the thirteen Canadians in the second stage of the classic King's Prize with an aggregate of 145 out of a possible 150.

The grand aggregate, with the all-comers aggregate, is the greatest test of consistent marksmanship of the meeting, consisting as it does of ten selected individual service rifle matches. First prize is the coveted Dominion of Canada Challenge Trophy, with the N.R.A. gold cross and 145.

FINES AGGRAVATED

Martinson posted an aggregate of 590 out of a possible 615 in all three matches, and this score was equalled by only two others—Flying Officer C. Burns and Super G. Ayres of the Royal Engineers. They shoot off for the first award. If Martinson should be successful in the tie shoot, it will

No Portland General Strike

(Continued from Page 1)

AT SAN FRANCISCO

San Francisco, July 20.—The danger point of the U.S. Pacific Coast maritime conflict shifted to Portland, Ore., today as the general strike released its grip on the San Francisco Bay cities.

The mass back-to-work movement in the San Francisco Bay area was virtually completed yesterday evening when the executive committee of the Alameda County building trades and central labor council declared the strike ended.

In San Francisco, the major service still crippled was the Market Street Railway Company's system, whose American Federation of Labor union workers were declared still on strike by S. W. Douglas, secretary.

Douglas declared the union men, who made demands for recognition and arbitration of grievances when they left their cars a day before the mass walkout, would refuse to work until "the company corrects the deplorable conditions under which we work."

Cars were operated on half a dozen of the lines of the system yesterday, but were placed in barns overnight. Samuel Kahn, president of the traction company, which provides approximately three-fourths of the city's street car service, said another attempt to resume full operation would be made to-day.

NOT MOVING FREIGHT

The 1,200 teamsters of the east bay district voted to return to work but to continue refusing to haul waterfront freight until the maritime strike is settled.

Brig-General Hugh Johnson, N.R.A. administrator, continued to give his attention here to the maritime dispute and said he was attempting to win consent of employers and workers for arbitration by President Roosevelt's mediation board.

COMMITTEE'S RESOLUTION

The first official action to end the general strike in San Francisco came yesterday when the strike committee voted 161 to 174 to call it off, but even before that many had drifted back to work.

Mayor Rossi, who had worked day and night to avert the walkout, congratulated "the real leaders of organized labor on their decision."

"San Francisco," said the mayor, "has stamped out without bargain or compromise an attempt to import into its life the very real danger of revolt."

In Oakland, where the rise of scores of armed citizens' committees opened the strikebound thoroughfares of commerce on Wednesday, Mayor William J. McCracken issued a proclamation urging all citizens, union members and otherwise, to go back to work. Even then, workers were streaming back to their jobs.

Seattle Police Disperse Strikers

(Continued from Page 1)

pickets, driving their ranks back, while other police stood on the Garfield Bridge over the piers and fired gas at long range, long streams of gas spewing from the bridge like serpents at celebrations, sometimes circling as strikers hurled bombs back.

The worst of the battle was over in fifteen minutes.

An air of forbidding hung over the docks early to-day. Hundreds of pickets had massed close to the piers and stayed all night. This morning others came in from Everett and other nearby cities. Then demonstrations of police filtered in, an ambulance drove up and a field hospital was established nearby. This took place in grim silence that contrasted with the previous jering and cat-calling.

In routing the pickets, police regulated a quarter of a mile of territory they lost in Wednesday's fight, when pickets broke through police lines and ganged at the dock entrance.

A few minutes after the last injured man was taken away, railroad crews started moving freight cars to Pier 40.

San Francisco, July 20.—Contending the last session of the House to aid the interior cherry industry, several by-proposals may be made from the fruit, and it was felt this would be a sound way of handling the surplus of production and securing the growers of a market for their fruit. The venture has been started in a small way more or less as an experiment.

Up to this time British Columbia exports almost 100 per cent of its game cherries and the new plant will seek to gain some of this market.

Mayor Directs Police Force

Charles L. Smith in Charge in Seattle After Resignation of Chief

Associated Press

Seattle, July 20.—Mayor Charles L. Smith was in personal charge of the Seattle police force to-day after the surprise resignation of Police Chief George F. Howard.

The resignation came in the wake of vicious police battling two days ago with 1,500 strikers and sympathizers at Seattle, Ore., which police kept the strikers from the docks where non-union longshoremen are at work. The strikers won extensive picketing territory from which the mayor had ordered them to stay away.

Shortly before last midnight the mayor announced the resignation of Chief Howard, who was appointed by the mayor only six weeks ago.

Prisoner Freed In Bold Move

Civilian Gets Army Convict Away From Governor's Island, New York

Associated Press

New York, July 20.—Boldly cowing several soldiers, an unidentified civilian "robbed" the Governor's Island post of the United States Army and executed a daring delivery of an army prisoner to-day.

The prisoner was Melvin Blanton of Camden, N.J., interned at the disciplinary barracks.

Blanton, who had twice escaped, from Fort Thomas, Ky., and once from Fort Benjamin Harrison in Indiana, was working with two other prisoners in the southernmost end of the island.

At the command of the civilian the guard dropped his gun, which the man picked up. Just then an army truck with two soldiers and a chauffeur arrived, and the civilian forced them to line up with the guard. Next came a passenger auto bearing two members of the "conservative" corps and they were also lined up.

Warning the group not to pursue them, Blanton and his deliverer climbed into a boat and paddled for the Brooklyn shore.

File Appeal In Edmonton Case

(Continued from Page 1)

In handing down his decision reversing the jury's verdict, Mr. Justice Ives found a sum of \$110,000 awarded to the plaintiffs.

Right separate grounds are stated in the notice of appeal. Counsel for the appellants contend no evidence respecting damage is necessary by reason of the provisions of the statute dealing with seduction passed in 1923.

It was also contended the trial judge erred in dismissing the action after instructing the jury that damage might be assessed if it was found the plaintiff had been seduced and that in finding there had been no illness from the seduction the trial judge was also in error.

It was also contended the fund being raised by subscription to finance the appeal had reached a total of \$1,000.

CHERRY PLANT LOAN BACKED

(Continued from Page 1)

There was considerable debate during the last session of the House as to the need for a move of this sort to aid the interior cherry industry. Several by-proposals may be made from the fruit, and it was felt this would be a sound way of handling the surplus of production and securing the growers of a market for their fruit. The venture has been started in a small way more or less as an experiment.

Up to this time British Columbia exports almost 100 per cent of its game cherries and the new plant will seek to gain some of this market.

Vancouver Starts Criminal Clean-up

DIONNE BABY HAS TUMOR

No Operation on Leg Yet, However; All Five Girls Gain Weight

Canadian Press

Corbett, Ont. July 20.—A birthmark on the left leg of Baby Marie, smallest of the fifty-three-day-old Dionne quintuplets, was confirmed to-day as a serious type of tumor.

The infant is suffering no ill effects, according to Dr. A. R. Dufour, the north country physician who has attended the quintuplets since birth. Until Marie grows stronger, he says, nothing will be done, but later radium treatments may be used as a precautionary measure.

Dr. Dufour said he recognized the birthmark as a nevus after the infant's birth and had been watching it closely. Its growth has been slow.

Dr. Thomas S. Cullen, professor of gynecology at Johns Hopkins University and Hospital, Baltimore, Md., and Dr. James S. Frazer, of the University of Toronto, examined the newborn, Ont., examined the tumor when they accompanied Dr. Dufour to the little country home to-day.

The tumor, which is composed of large blood vessels of the left leg. At the present time the tumor is about 1 1/2 inches in diameter and it is gradually enlarging. The child is not yet being troubled.

BABIES ADD WEIGHT

The visiting medical men were greatly pleased with the general condition of the babies.

For the second day in succession the babies added seven ounces to their total weight, and are now well over the eighteen-pound mark.

Forty Die As Bridge Falls

Vistula River in Poland Sweeps Peasants and Soldiers to Doom

Associated Press

Warsaw, July 20.—Thirty or forty persons were believed to have been drowned in floods today when a bridge over the Vistula River, Poland, collapsed. The bridge was being used by a military engineering squad when it collapsed.

Official information on the collapse of the bridge was incomplete. FOOD BY AIRPLANE

Airplanes to-day were delivering food and mail to the mountainous region of southern Poland, where devastating floods were sweeping more than 120 lives had been lost.

The total dead was not yet known. Bodies were still being taken to-day from the current which was rushing down the Vistula basin.

British-Turk Affair Settled

Ankara Government Makes Amends For Killing of British Naval Officer

Associated Press

Istanbul, Turkey, July 20.—Great Britain and Turkey have reached a friendly settlement of the Turkish shooting affair, according to an official communique issued by the foreign ministry to-day.

NEAREST KINSMEN

London, July 20.—Mohmet Akbar Bey, Turkish Ambassador here, yesterday formally expressed the "utmost regret" on behalf of the Turkish government over the shooting and killing of British Surgeon-Lieutenant Robinson by Turkish sentries.

"It is to be regretted that the soldiers who fired did not realize the identity of the British officers concerned," he said.

Blockade on Food Broken

Policeman Shoots Striker in Minneapolis as Trucks Are Sent Through

Associated Press

Minneapolis, July 20.—A Minneapolis policeman shot a striker this afternoon in a clash incident to moving a grocery truck through the truck strikers' blockade.

FORTY GUARDS

Minneapolis, July 20.—Two trucks, convoyed by forty policemen armed with shotguns and ordered to shoot if necessary, ran a gauntlet of pickets to-day and delivered grocery supplies in defiance of striking truckmen.

A thinly veiled threat of demand for a general strike if the movement spread was the reply of strike leaders.

It was the first break through the wall of inactivity enforced on shipwrecked drivers who first strike two months ago precipitated riots in which two men were killed.

Chief of Police Michael Johanson reiterated his edict yesterday that trucks would move. Warnings of more turbulent times if such policies were followed were issued at strike headquarters by William Brown and Vincent Dunn, strike leaders.

Dunn indicated a general strike might be asked of other workers in the city.

Police Raid Rooming Houses and Gambling Resorts Seeking Gunmen; Held Eight Men For Investigation After Questioning Many

Canadian Press

Vancouver, July 20.—Launching a clean-up campaign in the early hours this morning, Vancouver police raided cheap rooming houses, low class clubs and suspected gambling houses in search of gunmen and thugs.

Troubled labor conditions in the Pacific Coast states are believed to have resulted in a general census of underworld men to this city and Chief of Police J. Cameron and his deputies scoured the city between 3 and 5 a.m.

Eight men were in cells for investigation this afternoon and many others were questioned last night.

Criminals are going to find Vancouver a hard city to live in," declared Chief Cameron. "They will be driven out before they get an opportunity to commit crime. Vancouver is not going to be a dumping ground for gamblers and gunmen others wish to get rid of."

Istanbul, Turkey, July 20.—Great Britain and Turkey have reached a friendly settlement of the Turkish shooting affair, according to an official communique issued by the foreign ministry to-day.

NEAREST KINSMEN

London, July 20.—Mohmet Akbar Bey, Turkish Ambassador here, yesterday formally expressed the "utmost regret" on behalf of the Turkish government over the shooting and killing of British Surgeon-Lieutenant Robinson by Turkish sentries.

"It is to be regretted that the soldiers who fired did not realize the identity of the British officers concerned," he said.

Blockade on Food Broken

Policeman Shoots Striker in Minneapolis as Trucks Are Sent Through

Associated Press

Minneapolis, July 20.—A Minneapolis policeman shot a striker this afternoon in a clash incident to moving a grocery truck through the truck strikers' blockade.

FORTY GUARDS

Minneapolis, July 20.—Two trucks, convoyed by forty policemen armed with shotguns and ordered to shoot if necessary, ran a gauntlet of pickets to-day and delivered grocery supplies in defiance of striking truckmen.

A thinly veiled threat of demand for a general strike if the movement spread was the reply of strike leaders.

It was the first break through the wall of inactivity enforced on shipwrecked drivers who first strike two months ago precipitated riots in which two men were killed.

Chief of Police Michael Johanson reiterated his edict yesterday that trucks would move. Warnings of more turbulent times if such policies were followed were issued at strike headquarters by William Brown and Vincent Dunn, strike leaders.

Dunn indicated a general strike might be asked of other workers in the city.

Moore Jew, July 20 (Canadian Press).—Attempting to board a freight train late this morning, Mary Moore of Winnipeg slipped with her arms around one of the rails. Her arm will have to be amputated. She was on her way back from Calgary and was accompanied by two male companions.

FRENCH PREMIER CABINET UMPIRE

Paris, July 20.—The French cabinet in a heated session to-day decided to ask "Premier" Premier Gaston Doumergue to umpire the political squabble which is threatening to wreck the cabinet.

In several times appeared likely to become a cabinet crisis, Doumergue, both former Premier and now minister without portfolio, would resign.

SHIP DELAYED AT VANCOUVER

Longshoremen at Mainland Port Refuse to Load S. Golden State

Vancouver, July 20.—The first ship to be designated "unfair" by the Northwest Strike Committee of Seattle to the Vancouver and District Waterfront Workers' Association is now in port, and is lying in enforced idleness at Pier A. She is the Golden State of the Matson Line, Captain S. Larsen.

The vessel arrived overnight to Dingwall and Co., to load heavy shipments of logs and lumber for Australia. Cargo was waiting, having been assembled for some days past, but the longshoremen refused to work on the ship. In accordance with the unwritten agreement between themselves and the Shipping Federation of British Columbia, that they would not be asked to handle "unfair" ships or cargo, there has been no effort made to do so.

Notice the ship was named by an "unfair crew" was received by the association authorities here from Seattle.

The ship will be held here a few days, in hopes the strike will be ended shortly at United States Pacific Coast ports. If it is not, it is possible she will be shifted to San Francisco, if it develops she cannot load here. Such an eventuality would perhaps, not displease the Matson Line, as there is much better paying cargo available now at San Francisco than the freight which have been booked here for the vessel.

City Levelled By Quakes

David City, Panama, Must Practically Be Rebuilt, Says Premier

Associated Press

Panama, July 20.—David City, third largest in Panama, was almost destroyed by the earthquakes of the last three days, Premier Galois Solis reported to-day after an airplane survey of the area.

"The city must practically be rebuilt," he said.

The same hydrographic office reported five tremors yesterday, making a total of nearly forty within the last three days.

Effort To End Truck Strike

Mediator Tries to Work Out Compromise in Minneapolis

Associated Press

Minneapolis, July 20.—A cross-the-table conference between striking Minneapolis truck drivers and their employers was the objective to-day of the city's mediator.

The mediator, a representative of a satisfactory settlement. Father Haas had ready for the employers a proposal of the union drivers he hoped would lead to direct negotiations between the two factions.

The first truck to move since the strike became effective at midnight Monday, carrying a few exempted machines, transported supplies of canned and bottled foods from the market district to various hotels.

Bearing a large sign "Hospital supplies," the truck was conveyed on its trip by eleven police squad cars carrying forty-four men. Numerous striking truck drivers noted the movement of the truck, but no effort was made to halt it.

events in Great Britain. He answered a vigorous "let it all" to a questioner who asked if yesterday's announcement of British Air Force expansion meant Great Britain was joining the European armaments race. But that was all he would say.

Camera "Censored" Much in Germany

Canadian Press from Rome

Berlin, July 20.—The censor-toting tourists in Germany are advised to study the government's growing list of "verboten" places if he wants to keep out of trouble under an order issued by the Propaganda Ministry.

Among the things he cannot photograph are: labor camps, Nazi party formations and exercises or reviews of all kinds, forts and shipyards.

Heat Wave on Prairies Broken

Canadian Press

Winnipeg, July 20.—Western Canada to-day was promised relief from the sweltering heat that has ruled the prairie provinces for more than a week as the weatherman forecast cooling winds and general showers and thunderstorms.

Scattered rains fell in Manitoba, Saskatchewan and the Peace River during the night and to-day, with a promise of more to follow. Half an inch of rain fell in Regina during the night and showers were reported in many other districts. Saskatoon reported 23 inch and Moose Jaw 24.

Southern Alberta, with the exception of Medicine Hat with 39 of an inch of rain, generally went rainless, but shifting winds with showers and

Scattered rains fell in Manitoba, Saskatchewan and the Peace River during the night and to-day, with a promise of more to follow. Half an inch of rain fell in Regina during the night and showers were reported in many other districts. Saskatoon reported 23 inch and Moose Jaw 24.

Southern Alberta, with the exception of Medicine Hat with 39 of an inch of rain, generally went rainless, but shifting winds with showers and

thunderstorms were promised for that area to-day. Fairview and Beaveridge, in the Peace River district, reported 30 and 35 inches, respectively.

Temperatures rose to over the ninety-degree mark in many centres on the prairie Thursday, with Edmonton, Man., Broadway and Regina in Saskatchewan registering 90 degrees. Medicine Hat, Alta., was the hottest spot on the prairie, with 92 degrees with Moose Jaw, Sask., close behind.

AVIATOR INJURED

Calgary, July 20 (Canadian Press).—Capt. Freddie McCall, Calgary's ace flier, was in hospital to-day after a forced landing in a field near Cochrane, Alta., near here, late yesterday. He has a cut above the right eye, and suffered fracture of the arm and a few bruises.

HEAT CAUSES DEATHS IN U.S.

Grain in Fields Wilt as Sun Scorches Farms in Large Areas

Associated Press
Chicago, July 20.—Stinging mid-summer heat left death and devastation in the United States to-day from Texas to New York and from Georgia to Nebraska.
The death list numbered more than fifty. More crops wilted. At Kansas City, where the mercury yesterday shot up to 120—the highest ever registered there—ten deaths were reported. Temperatures topped the 100-degree mark at numerous other spots over the country. Nowhere, Ohio, was the hottest spot with 115 degrees.
St. Louis reported seven deaths. St. Joseph, Mo., five; Oklahoma City, five; Dallas, four; Jefferson City, Mo., four; Arkansas, three; Houston, Tex., two; New York, two; Memphis, two; and Washington, D.C., Indiana, Fort Worth, Tex., and Atlanta, one each. Nebraska listed ten deaths within the last few days.

NRA ALLOWS BIG MILL TO REOPEN

Associated Press
Hartman, Tenn., July 20.—The Blue Eagle spread its wings over Hartman to-day after an absence of three months, and hundreds of job seekers looked forward jubilantly to returning to their jobs.
From Washington it was learned authoritatively the long dispute between the NRA and the Hartman Hooper Mills, growing out of a strike of employees last October, had been settled with an agreement that gave the Blue Eagle back to the mills, the town's principal industry.
The mills will be reopened next Monday. The shutdown threw 422 workers out of jobs, with 300 striking employees already on the streets.

NEWSPRINT CODE CHANGES IN U.S.

Associated Press
Washington, July 20.—The NRA announced to-day the public hearing on a proposed amendment to the newsprint manufacturing code setting up a schedule of minimum prices and a control board would be reopened at the request of the American Newspaper Publishers' Association.
The session will be held here August 3. At a hearing February 1, spokesmen for the publishers opposed the amendment, with its clause fixing a minimum \$41 a ton price for newsprint.
As prepared for presentation at the second hearing, the amendment would provide an administrative board for the industry to consist of nine members, three to be chosen from the manufacturers, three from the publishers, a labor representative each from the manufacturing and publishing industries, and a member to be named by the recovery administration.

QUINTUPLET STORY RECALLED

Saskatoon, July 20.—Record of the Dionne quintuplets of Coburn, Ont., now in their fifty-third day of life, was challenged here yesterday by a police officer who recalled a case of quintuplets in his native village of Cullen, Banffshire, Scotland.
Sergeant "Jock" Hadden told of a fisherman's family at Cullen which boasted simultaneous birth of five infants, one of whom survived and married and might still be living. He could not recall the family name, and explained the survivor was called "the best of five" by the villagers. The bodies of two of the babies were seen by the sergeant in a bottle kept in a museum at Banff, Scotland, and the other two were taken by the attending physician.

Migration Report Under Discussion

Canadian Press
London, July 20.—Report of the committee on intra-Empire migration will not likely be made public until the House of Commons has met for the fall session. This was indicated yesterday by Rt. Hon. J. H. Thomas, Secretary for the Dominions.
Answering a questioner in the House, Mr. Thomas said the report had been completed and discussed at a series of meetings with the Overseas Settlement Committee. He expected to receive it soon and hoped to arrange for its publication in time to make it available when the House resumed.

Says Communism Growing in U.S.

Grand Rapids, Mich., July 20.—Edward A. Hayes, national commander of the American Legion, in an address before the International Association of Lions Clubs here yesterday charged that "advocates of the regimentation of agriculture, and the so-called new social order, are digging a grave for the constitution of the United States."
"To-day the strange tenets being advanced, even the very structure on which our democratic citizenship is built," Hayes said.
Hayes warned he could see "strong indications of a steady advance of Communism in the United States and called on Lions Clubs to unite with the Legion in combating it."

Many Hurt When Grandstand Falls

Canadian Press from Havana
Bucharest, Roumania, July 20.—More than 100 spectators were injured, twenty-five seriously, when a grandstand collapsed during a concert at Gernautal yesterday.
Panic seized the throng and many of the spectators were trampled.

VANCOUVER DRUG COMPANY LIMITED

RACKETEER IN CHICAGO SLAIN

Michael Quinlan Shot By Gunman While With Friend in Cafe

Chicago, July 20.—A leisurely gunman who caught him with a friend dining in a south side cafe yesterday evening fired a bullet into the back of Michael "Bub" Quinlan, dapper gangster of the prohibition era, and ended his career as a racketeer and gambling resort operator.
"This is for a double-cross," said the slayer as he thrust a pistol at Quinlan. Making no attempt to injure Thomas McLaughlin, a veteran with Quinlan in the beer business before prohibition repeal, the slayer fled. The single bullet entered the heart of the gambler and he died en route to a hospital.

The slaying, first of any of the major underworld characters in many weeks here, was witnessed by a number of diners in the Beaux Cafe on Cottage Grove Avenue, but most of the customers fled before investigators arrived. McLaughlin, however, waited for the police, but they said he was intoxicated and unable to tell a coherent story.
Quinlan, thirty-five years of age, was at one time an ally of the powerful Sullivan-McDonnell combination which ruthlessly exterminated all competitors for the south side beer business in the years before the depression and repeal.

CATTLE SUBSIDY BILL IS VOTED

London, July 20.—By 216 votes to forty-two, the House of Commons yesterday evening gave second reading to the bill setting up a scheme in aid of the cattle industry, by which the home producers will be subsidized at the expense of foreign countries.
Designed to halt the decline in Britain's livestock trade, the scheme provides \$15,000,000 in subsidies for the home producers—a sum the government plans to recover eventually by levies on imported cattle.

SPANISH WOMAN AS AMBASSADOR

Associated Press
Madrid, July 20.—The government yesterday named a noted woman writer, Concha Repina, ambassador extraordinary to next year's observance of the fourth centenary of the foundation of Lima, Peru.
Officials stated she is the first woman in the history of Spain to be appointed to an ambassadorial post.

District Displays To Be Big Fair Feature

**COX LEADS
ARION CLUB**

Fine Exhibits Assured For Major Classes in Main Building; Advance Reports Indicate Exceptionally High Standards This Year

When the doors of Victoria's Fall Fair, organized by the British Columbia Agricultural Association, officially swing open on September 10, among the major attractions will be the district exhibits in the Main Building. Early reports from D. D. McTavish, director in charge, indicate the exhibits this year will be of a standard equal to those of former years. Five districts are virtually assured of representation, while a sixth is expected to compete.

Langley, victorious in the 1933 exhibition, will strive to repeat its triumph of last year. Surrey will return to competition after a year's absence. Burrill, Richmond and Victoria are practically certain entries, while Burnaby is expected to make its first appearance in the show. Judging by standards of former seasons, officials anticipate considerable difficulty in selecting the winners in that particular class of the fair.

APPRECIATION SHOWN

"It is with considerable pleasure that we welcome these outside districts to our exhibition each year," Mr. McTavish stated. "Their decisions to enter show the high regard the outsiders feel for the capital city by returning year after year."

The floral, fruit and vegetable displays will be up to the usual high standard. Among new displays will be commercial exhibits of flowers and ferns. Last year there were over 3,000 individual entries in the Main Building and from present prospects this year's entries will be even greater. Improvements have been made this year in the Main Building which will materially to the attractiveness of the exhibition. Taking everything into consideration the officials predict the 1934 exhibition will surpass those of previous years.

Among the commercial exhibits will be Brown's Victoria Nurseries, floral display; Elder's Capitol Dahlia Garden, dahlias; R. M. Palmer, floral display, featuring gladioli; Crossland Bros. featuring dahlias and fall flowers; C. S. McTavish, G. Wardle and Arrowsmith and Son, with gladioli; Layrite Nurseries Ltd. with shrubs, evergreens and roses; James Canadian Seeds Ltd., Vancouver Island grown seeds.

The honey and dairy exhibits this year are expected also to surpass those of previous years, and honey exhibitors particularly are already preparing their products for exhibition.

COUNCIL MEETS AT CUMBERLAND

Cumberland, July 20.—A brief meeting on Monday afternoon of the regular business of the Cumberland City Council.

A communication from Messrs. Parrish, Parrish, Schmitt and Simon with reference to the balance owing on their accounts in connection with the Cumberland Electric Light Company litigation resulted in a motion to pay off \$700 on the account.

The board of works presented the city truck driver's report of work done during the week consisting principally of hauling ashes, night work and cutting grass on the boulevards.

Light, water and health committees reported everything satisfactory.

The city clerk was instructed to pay to the hospital the difference between the cost of labor provided by the city on the hospital repairs and an amount of \$700 as a payment on moneys due the hospital.

Foreshore squabbling in Oak Bay near the Yacht Club will be investigated by principal police and a report on the alleged infractions will be tendered to the Attorney-General's Department for action, the municipal council was notified at its meeting yesterday.

The council asked the government to take necessary action for clearing the foreshore after complaints had been received of squatters in the vicinity.

THIS CURIOUS WORLD By William Ferguson

BECAUSE the sun is round, the shadow of foliage, in full sunlight, is flecked with white circular patches, where the sun shines through tiny openings, no matter what the shape of the openings.

Noted Singing Organization Closes 42nd Season; Open Air Concert July 31

Despite the holiday season there was an excellent attendance of members at the annual meeting of the Arion Club in the club rooms, 100 Government Street, Monday evening, when the forty-second season of the club's existence was brought to a close.

The club has been considerably strengthened by an influx of new voices, consisting largely of younger singers, and this is considered a particularly good sign for the future of the organization.

The election of officers resulted as follows: Harry A. Cox, honorary president, re-elected; Frank Schell, honorary conductor, re-elected; Paul J. H. Hughes, musical bachelor, honorary assistant conductor, re-elected; G. J. Rhodes, honorary secretary; Arthur Crane, honorary financial secretary; R. W. Wilders, honorary treasurer, re-elected; D. D. Muir, honorary auditor, re-elected.

As is usual at these concerts, which is given every year by the Arion Club, was fixed for Tuesday, July 31, and a change in the venue has been made this year, it being decided to hold the concert at Beacon Hill bandstand. The city authorities have kindly agreed to install amplifiers, so that a large audience will be reached.

The change to Beacon Hill has been made as it was thought the public would particularly enjoy the concert in this new environment and it is hoped the experiment will prove acceptable.

As is usual at these concerts, a collection will be taken in support of some local charity, and this year the Royal Jubilee Hospital has been selected, and a collection will be taken when the concert is given.

The open-air concert will be conducted by Frank Schell, re-elected, and the accompanying committee and the accompanying will be in charge of Mrs. Clifford Warr.

PLEASED WITH COLLECTIONS

Tax Returns to Date in Oak Bay Show Increase Over 1933, Council Told

Members of the Oak Bay Council yesterday expressed gratification with tax collections for the first six months of the year as shown in a statement presented by A. D. Finlay, deputy collector. After budgeting for 85 per cent collections of the total levy the council was informed that 76.12 had already been collected.

Current taxes paid in totaled \$132,129.12, which represented a slight decrease over 1933 when the council budgeted for 85 per cent of the levy. Gratifying features of the statement, however, were increases shown in the amounts paid in for arrears and delinquent taxes. Arrears to the total of \$7,142 have been paid, while the delinquents totaled \$9,288. Last year \$5,448.45 was paid in for arrears and \$1,891 for delinquents.

A report on the proposed construction of a lifeboat station in Shoal Bay, from the municipal engineer will be heard by the Oak Bay Council before its permission for erection of the building will be given. A request to build the station on a municipal lot in the vicinity was received yesterday by the council from the Vancouver Island Lifeboat Association under the signature of R. R. Genn. Suitability of the site for the station will be considered by the engineer in reporting. It is proposed the building should house a twenty-two foot boat.

DEATH HELD ACCIDENTAL

Nanaimo, July 20.—The coroner's jury empaneled to inquire into the death of John Kerr, found that the cause of death was accidental. He was crushed by a log from which he was trying to remove a checker. W. W. R. Mitchell was foreman of the jury.

Kerr met his death at 8:40 o'clock Wednesday morning, while working for the Buck and Turner Logging Company at Nanaimo Lake Road. Evidence by George Meredith, Corp. B. Lytton, checkerman, and Victor Uppegaard, caterpillar driver, was to the effect that Kerr got under a log to try and loose the checker of one of the logs which had crossed the other. The log slipped and fell on Kerr's chest, crushing him, and causing rupture of the heart and left lung.

The funeral will be held Saturday afternoon from the Jenkins Limited funeral chapel.

holidaying in the valley at the home of Mr. and Mrs. Stuart Hutchison. Miss Phyllis Henalip is holidaying in Victoria as the guest of her grandmother, Mrs. Bennett.

Miss V. M. Dyer of Victoria was the week-end guest of her sister, Mrs. A. Harkin.

SISTER MARY'S KITCHEN

CHARD IS THE IDEAL VEGETABLE WHEN MEAT IS USED SPARINGLY

By MARY E. DAGUE

Swiss chard, or "spinach beet," as it is more popularly called, is one of the most delicious and nutritious summer vegetables on the market. There are several varieties, some with dark green curly leaves and others with broad light-colored leaves. But each variety has a thick white mid-rib that is cooked and served like asparagus, while the leaf is used as greens. The health composition of chard rivals that of the much lauded spinach. Thus, it is especially rich in iron, which makes it a perfect vegetable to serve during hot weather when meat is used sparingly. The vitamin content is good and chard is a cheap source of vitamins, because the vegetable never is high priced and contains a good amount of vitamins. Chard also has the peculiar virtue of supplementing the protein deficiencies of other vegetables and several foods and contains a certain substance which enables the body to make use of all the mineral content available.

COOK IN LITTLE WATER

The same rule of cooking hold good for Swiss chard that also applies to other delicate vegetables. Cook in as little water as possible and for a short period of time.

The seasoning is important because chard will be criticized as "flat" if not peppered up with a dash of lemon juice.

The person who is eating to reduce will find chard a good friend on account of its remarkable palatability when dressed simply with salt and lemon juice.

Meantime, the person who is eating to gain weight may add calories to his diet by dressing his serving with butter or a rich hollandaise sauce. The vegetable, like broccoli and spinach, is at its best with a smooth hollandaise sauce.

Cut the thick centre rib in uniform lengths and tie in small bundles. Cook in boiling water, adding salt after the first ten minutes of cooking. Cook the thin part of the leaves just as you would spinach—in the water that clings to the leaves. When tender chop the leaves fine and arrange them in a bowl on a deep serving platter. Garnish with hard-boiled egg and fill the centre with the thick rib in hollandaise sauce.

THE LEAVES IN SALAD

The tender small leaves may be used without cooking in salads. The taste is rather like romaine.

Chard is also good cooked in the stock in which ham was boiled. All greens are appetizing cooked this way, the flavor of the meat adding much to the taste of the dish.

A rich cheese sauce goes well over chard, too. The vegetable and sauce may be put into a shallow baking dish and the top browned in a hot oven before sending to the table.

TO-MORROW'S MENU

Breakfast: Blackberries, cereal, cream, crisp broiled bacon, toast, milk, coffee.

Luncheon: Corn fritters with maple syrup, stuffed cantaloupe, drop cookies, milk, tea.

Dinner: Salisbury steak, mashed potatoes, chard with lemon butter, jellied fruit salad, cheese cups, milk, coffee.

STRIKE IN MADRID

Madrid, July 20.—Three hundred laborers went on strike today under the Bank of Spain. Possibly influenced by thoughts of the amount of money shown, they refused to emerge from their underground workings until contractors gave them double pay for working underground. The men are installing new pipes in the strong rooms.

The Romans started the custom of forcibly feeding pigs to enlarge the livers. A goose that is fed by force every few hours soon develops a liver of several pounds weight.

WOMAN SLAIN IN SEATTLE

Deaf and Dumb Resident
Victim of Unknown
Assailant

Seattle, July 20.—Police here today were seeking to discover who murdered a deaf and dumb woman who had been taken to an apartment house here last Monday afternoon by a man who rented a room for her. The body was found lying on the floor of the room yesterday evening. The apartment house manager, Mrs. Theron Albrecht, had become alarmed because she had neither seen nor heard from the guest. She summoned police, and they found the body lying face down at the foot of the bed, they said. The woman had apparently been killed by several blows on the back of the head with a blunt instrument. Her hat was matted with blood. Her coat was on, as if she had just entered or intended leaving the room.

Chief Deputy Coroner W. H. Corson said she had been dead about three days.

Mrs. Albrecht quoted the man who rented the room as saying to her: "I'll pay the rent for one week. If she leaves in the meantime find out where she is going. I'll be back."

He paid the rent and talked to the woman in sign language. She nodded. The man, about fifty years old, was dressed like a laborer, and gave the name "Hendricks," Mrs. Albrecht said.

LORD ASHLEY CITES ACTOR

Further Charges Filed in
Divorce Suit Against
Douglas Fairbanks Sr.

Associated Press
London, July 20.—Charges of continuing misconduct by Douglas Fairbanks Sr. and Lady Ashley since they were named February 5 in Lord Ashley's suit for divorce were filed shortly before noon today in the Somerset House registry office.

The supplementary petition requires an answer within fourteen days if the co-respondent (Fairbanks) and the respondent wish to resist it, said Lord Ashley's solicitor. Notices to be served on lawyers for both Fairbanks and the former London cabaret performer. Fairbanks and the brown, bobbed-haired Lady Ashley flew to Paris on July 7 and are now at Monte Carlo with her sister. The supplementary petition, it was learned, cites various places and various dates when the alleged misconduct took place. The divorce action is in the special jury list to be tried in October.

Associated Press
Monte Carlo, July 20.—Douglas Fairbanks Sr. and Lady Ashley, here with her sister, a Mrs. Black, refused today to discuss a report that Lord Ashley has filed supplementary charges of misconduct against them in his divorce action.

League of Nations Fete Nets \$175.85

The Victoria Branch of the League of Nations Society in Canada held a committee meeting on Thursday afternoon to wind up the affairs of their garden fete. The balance sheet showed that after all expenses have been paid the funds of the society will benefit by \$175.85.

This sum will be spent locally in furthering the society's aim, which is to educate and marshal public opinion in Vancouver Island solidly behind the movement for world peace through the existing constitutional channels of the League of Nations and the Kellogg Pact; and to one that public opinion carries weight with the federal government. The actual takings were \$500.20 and the expenses (out of pocket) \$324.35. These latter were reduced to \$248.45 by donations of 41¢.

The committee also agreed to cooperate heartily with the Federated Council of Youth in their efforts to bring public attention to the cause of peace on August 6. They hope that all members of the society will turn out on that occasion.

Air Force Addition Plans Are Criticized

Lords Say British Government's Scheme Speeds Armaments Race; Laborites Will Offer Censure Motion

Canadian Press from News London, July 20.—The government's decision to build up the Royal Air Force to twenty-five squadrons is not being unchallenged by the opposition yesterday.

Lord Herbert, Liberal leader, in the House of Lords, expressed himself sharply. He said that the government's plan to build up the Royal Air Force to twenty-five squadrons is not being unchallenged by the opposition yesterday.

Lord Herbert declared: "It is to be expected that the government's plan to build up the Royal Air Force to twenty-five squadrons is not being unchallenged by the opposition yesterday."

The government will face a vote of censure on its air policy July 20, according to an announcement yesterday.

The motion, to be introduced by a laborite, will read: "While affirming its adherence to the policy of collective security under the League of Nations and accepting its obligations thereunder, this house regrets that despite negotiations for a disarmament and mutual assistance, the majority of governments have entered upon a policy of re-armament."

Life Insurance Under Investigation

(Continued from Page 1)

In connection with the cost of such insurance, he pointed out, there are eight hundred million dollars worth of life insurance in the United States, and \$17,000,000 is paid annually to resident physicians in the United States for the cost of life insurance. He said that the cost of life insurance is a heavy burden on the people, and that the government should investigate the matter.

There has been talk of amending the British North America Act to give the federal government the right to regulate life insurance. The government has not yet decided whether to do this.

The minister, in discussing the situation, said that the government was not yet ready to take any action. He said that the government was still studying the matter.

The minister, in discussing the situation, said that the government was not yet ready to take any action. He said that the government was still studying the matter.

The minister, in discussing the situation, said that the government was not yet ready to take any action. He said that the government was still studying the matter.

SHOULD LIVE IN CITY

(Continued from Page 4)

of non-residents, and are entitled to patronage in return. That return is a non-resident city employee who gives to the city treasury.

If it is correct for the city to insist that a man on relief must be a resident to obtain a few dollars for a few days' work per month, why is it not necessary for a steady employee earning a full month's pay to be a resident also?

Part of my taxes are going to help families on relief; also part to pay the salaries of these same forty-three employees, and part to supplement the same employee pension fund, which fund will also be kept up after retirement. A taxpayer out of work may lose his home in the struggle, but so, too, the employee's pension must be kept up, even if he has never paid a penny or cent for it.

It should not be necessary to register Mr. Feden that he was elected to protect the interests of the taxpayers of Victoria city, not the taxpayers of neighboring municipalities. If he is interested to find out what the taxpayers of this city think about his action I suggest he talk with a few.

A city ordinance providing against this situation is very desirable, and the sooner passed the better. It would also reduce the chances of patronage.

Give the forty-three jobs to taxpayers or residents and swell the city's receipts a few thousand dollars annually.

We need it!

JOHN BELANGER
1111 McKenzie Street, Victoria, July 19.

CANADA AND WAR

To the Editor:—Sir, we do not want Canada made into an "Austrian" ally. We are Canadian citizens, and we are not going to be used as a tool for the war.

We are Canadian citizens, and we are not going to be used as a tool for the war.

We are Canadian citizens, and we are not going to be used as a tool for the war.

PREMIER HEPBURN TAKES DELIVERY OF NEW CAR

On the eve of taking office at Queen's Park, Hon. Mitchell F. Hepburn, Premier of Ontario, is shown taking delivery of his new Hudson Eight which he intends driving himself, accompanied with the former government-owned car and chauffeur's services. "How do you expect me to smile when I am handing over \$1,700?" he chided news cameramen. The Premier is shown center, examining the interior of the new car. With him are A. Walker of Toronto, left, and Don MacIntosh, right, general sales manager of Hudson-Six of Canada Limited, who traveled from Tilbury, Ontario, for the occasion.

There is no reason why we should de-lude ourselves into believing that no anti-war movement is required here. The situation is changing so rapidly that the powers that be might quite suddenly decide that a war would help matters (for themselves) quite a lot. All these figures about the cost of armaments and so on and so forth, are not worth a second thought. The capacity of a country as a fighting machine depends not on the factories which can be quickly converted into armament producers. The British Empire stands top of the list in that respect. The fact that we have not quite as many guns as someone else is an insignificant point.

While the British people are so apathetic as to permit firms such as Vickers to arm foreign countries, then the British people stand easily in need of every anti-war crusade which is being organized. Also, your correspondent should not assume, as he seems to do, that other countries are without their anti-war elements. They are not, and hence we hope to join with them.

I agree wholeheartedly with your correspondent when he mentions the economic factor as a cause of war. I would go further and say it is the whole cause of war. War, after all, is only the logical conclusion of "this system of competition under which we endeavor to struggle along, and as long as the system stands, so long will the conditions favorable to war remain."

SPROUT LAKE

Sproul Lake, July 20.—Mrs. J. Moon and daughter, Kathleen Spriva, have arrived from Victoria.

Mr. and Mrs. C. W. Pannell are in residence at the lake house. Pannell, a recent bride, was formerly Miss Effie Lowe, R.N., who for the last five years was a popular member of the nursing staff of the West Coast General Hospital.

Miss Phyllis Fendray and her sister, Miss "Birdie" Fendray, were passengers from Victoria to Sproul Lake on the west coast trip on the Princess Nora calling at Port Alberni en route on Thursday last. During the short duration of their stay they visited friends at the lake, accompanied by Fred E. Manning.

Mrs. E. V. Randall and Miss Betty Fendray are visitors from Detroit, Mich., the guests of Mr. and Mrs. F. C. Manning. They plan to leave Thursday of this week.

Twenty boys arrived by stage on Saturday last from California, en route to the boys' camp recently constructed about two miles beyond Sproul Lake. The camp has been developed under the direction of a P. Henry of California.

Shirley

Shirley, July 20.—The prize winners at the last card party held at the school house by the Shirley Community Association were Mrs. R. Gardiner and James Elliot for highest score and Mrs. J. Porter and Lewis Milligan for ten bid. Proceeds were for the sports fund.

Miss Vera Dow of Victoria is visiting Mrs. M. A. Clark.

Miss K. Shannon, Vancouver, and Miss C. S. J. Clark, R.N., Victoria, are spending their vacations at the homes of their parents here.

Miss M. Currie of Vancouver is the guest of her aunt, Mrs. W. Shannon.

Mrs. Stanley Clark, with her daughter Barbara, is spending a few weeks with her parents, Mr. and Mrs. Newman, in Victoria.

CENTRAL SITE IS ADVOCATED

Chamber of Commerce Protests Plan to Erect Marine Building on Reserve

Registering objection to the proposal of the federal government to erect the new marine building on the Industrial Reserve, directors of the Victoria Chamber of Commerce have forwarded an appeal to Ottawa suggesting a more central site.

Following discussion of the subject at a special meeting, attended by D. S. Finlay, M.P. for Victoria, a telegram and covering letter was yesterday afternoon sent to Ottawa advocating that the proposed building be erected on property owned by the Dominion Government, facing the Inner Harbor and immediately adjacent to the post office. It was further pointed out that the building so placed could be utilized to house in addition to the marine office, the Indian office, radio-telegraph, hydrographic survey and other federal departments which are at present scattered about the city.

PLANS FOR ADDITIONS

The suggestion was also made by the chamber directors that provision be made in the plan for the addition of more offices at a later date, should it be necessary.

Mr. Finlay, when directed to express his views on the matter, said he was not in favor of the proposed site, and he was prepared to support the Chamber of Commerce in its endeavor to secure a more central location for the building.

A grant of \$25 was authorized by the Oak Bay Council yesterday to the Navy League of Canada to assist in furthering the work of the Rainbow Sea Cadets.

Twenty-five Years Ago To-day

THE VICTORIA DAILY TIMES July 20, 1909

(From The Times Files)

A large delegation of residents of Esquimalt waited on the provincial government this morning for the purpose of laying before them the situation in respect to the faulty condition of the Esquimalt school.

Magistrate and Mrs. George Jay will leave to-morrow for Esquimalt. Mr. Jay is taking a vacation and his place on the bench will be occupied in the meantime by C. J. Prior.

The annual British Columbia tennis championships will be played here next week on the Belcher Street courts under the auspices of the Victoria Tennis Club. Secretary Talbot is receiving entries for the tournament and has received notification that Joe Taylor, of Spokane, will be here.

A contract between South Beach and Oak Bay in their way of meeting the city was drawn by Alderman Stewart last evening. Alderman Stewart and Councillors Jones and Sewell met the city council in reference to the former municipality securing a supply of water from the city.

Yesterday was a commemorative day at the Willowbrook track, when the card was confined to giving horses that have fared badly during the meeting a chance to run in all six races five of the better class of thoroughbreds.

Winnipeg, July 20.—United Western, Winnipeg Wednesday evening defeated Port Arthur Wednesday, 6 to 3, in the fourth and deciding fixture of their Dominion Football Association playdown series, for the right to advance in the fight for the Canadian soccer championship.

Wanderers were handicapped by the loss of their regular goalie, Bill Currie, who suffered a fractured shinbone in the third game Monday night. The New Ontario champions took the first game, the second was tied, and Western gathered in the third to send the series to four games.

COOL OFF By Cooling Your Blood

It is when the heat gets into your blood that you begin to "feel the heat". Take a sparkling, invigorating glass of Andrew Liver Salt at such times. Taken while it is still effervescing, Andrew will have an almost immediate cooling effect, because it is not only a delicious, thirst-queller, but a means of cooling your blood.

You will feel cooler for hours after taking Andrew—and more vigorous, too. Andrew, indeed, is a splendid condition when taken occasionally the year round, say about twice each week.

If you pursue common-sense principles in your living, eating and sleeping habits and take Andrew occasionally, you will escape all the minor mal-adjustments which occur in every normal system.

Keep cool—and fit—by taking Andrew. At all druggists. In time, 35c and 60c. New, large bottle, 75c. Sole Agents: John A. Huston Co., Ltd., Toronto.

MAKE YOUR FALSE TEETH HOLD FAST

Eat, talk, sing and shout and never fear embarrassment. Your false teeth slide all day long when you sprinkle on Dr. Warrant's Powder—they do so easily—comfortably—they can't be dislodged by world's leading dentists—they know it's the best! Costs but little—any druggist.

LUMBER STOLEN IN VANCOUVER

Police Look For 52,000 Feet Which Disappeared From False Creek

Canadian Press Vancouver, July 20.—Almost daily police hear of theft of jewelry, petty cash or personal belongings—but when someone steals 52,000 feet of

lumber the robbery business is booming!

Floating in the waters of False Creek when its owner, W. C. Kline, West Hastings Street, left the city some weeks ago, a boom of logs has since then moved away. Officials investigating have narrowed down the time of theft to between June 8 and June 15, but other than that little information is held.

If anyone sees 52,000 feet of stray lumber—please return!

England had 186,370 foreign visitors or tourists in 1933, an increase of almost 6,000 over the figure for the preceding year.

VIEWS STATED BY THE C.C.F.

Delegates End Convention at Winnipeg, Passing Varied Resolutions

By Sam G. Ross, Canadian Press
Staff Writer

Winnipeg, July 20.—Measures de-
clared to be infringing on rights of
citizens as British subjects met with
condemnation early today as the
second national convention of the co-
operative Commonwealth Federation
came to a close.

Declining to pass over any unfin-
ished business, the 200 delegates from
all parts of Canada wound up their
work in a final five-hour session.

Retirement of Norman P. Priestley,
Calgary, as national secretary, was
announced. Holding office since for-
mation of the federation, August 1,
1932, Mr. Priestley was forced to seek
relief from the post because of other
pressing work, chiefly in his office as
vice-president of the United Farmers
of Alberta. His successor has not yet
been announced by the national execu-
tive, elected yesterday with J. S.
Woodsworth, M.P., Winnipeg, agal-
national chairman.

PROTEST TO QUEBEC
Recent legislation passed by the
Quebec Legislature, controlling the
distribution of circulars was protested
by the convention and repeal asked.
Quebec spokesmen saw the legisla-
tion as a curb on activities of the
C.C.F.

Action of the Regina public school
board in passing a by-law aimed at
preventing school teachers and other
employees from participating in pub-
lic affairs as candidates or cam-
paigners was termed by the conven-
tion an infringement of the rights of
citizenship.

Orders said to have been issued by
directors of the Canadian National
Railways curbing public activities of
their employees were condemned
also in another resolution. Again
the action was termed infringement of
rights of citizens.

CANADA AND WAR
The convention advocated the use
of industrial action, such as a gen-
eral strike and refusal to bear arms,
as a means of keeping Canada from
war.

Relief camps for single unemployed
men were declared objectionable on
many grounds and their abolition
was sought.

Diplomatic recognition of Soviet
Russia was endorsed.

The convention went on record
against affiliation by the C.C.F. with
other political parties and recom-
mended to the national executive
consideration of the Douglas credit
system and other similar proposals.

IN RAILWAY FIELD
Amalgamation of Canadian rail-
ways "in the interest of bondholders"
was opposed.

On old age pensions, the conven-
tion asked payment of a pension of
\$40 a month at the age of sixty years,
with residence in all Canada being
taken into consideration instead of
residence in any one community in
the Dominion.

EXECUTIVE IN SESSION
To-day the newly-elected national
executive was in session on routine
matters.

With Mr. Woodsworth as national
chairman, the executive was chosen
yesterday as follows: British Colum-
bia, Angus MacInnis, M.P. for south
Vancouver; Rev. Robert Connell,
M.P.P. Victoria, and O. L. Jones,
Vancouver; Alberta, Robert Gardiner,
M.P. for Acadia; Fred J. White,
M.P.P. Calgary, and William Irvine,
M.P. for Wetaskiwin, Saskatchewan;
M. J. Caldwell, Regina; Mrs. Louise
Lucas, Unity, and George Williams,
Wadena.

SAANICH SCHOOL BOARD
Notice to Contractors

SEALED TENDERS ENDORSED "Tender
for New School, Saanich, B.C." will be
received by the Secretary of the Saanich
School Board up to 7:45 p.m. of Wednes-
day, the 25th day of July, 1934, for the
erection of a school in the Municipality
of Saanich, B.C.

Copies of plans and specifications can
be obtained from the office of the Archi-
tect, E. C. Clarkson, Union Building, Victo-
ria, B.C., on payment of a deposit of
five dollars (\$5), which will be refunded
on return of plans and specifications in
good condition.

The lowest or any tender not necessarily
accepted.

**B. BRYDON,
Secretary, Saanich School Board,
Royal Oak, B.C.**

THE SCREEN

"VIVA VILLA" AT DOMINION

Wallace Beery Heads Not-
able Cast of Players In-
cluding Fay Wray

"Viva Villa" Metro-Goldwyn
Mayer's spectacular epic, showing at
the Dominion Theatre to-day, is the
fictional story of Pancho Villa, the
Mexican revolutionary leader who was
the outstanding figure in the world's
history in the decade preceding the
world war.

Opening in the hills of Chihuahua,
it shows young Villa watching his
father dragged to death. He plots the
hacienda who holds the people in
virtual slavery, and flees to the
mountains.

When he emerges some years later,
a man, he is leading a band of wild
savages who amuse themselves by pil-
laging the hacienda, robbing the
rich, befriending the poor.

Villa's career of banditry ends when
he meets Francisco Madero, a gentle
visionary who gives Villa his "great
dream" of a free Mexico. Villa or-
ganizes an army and begins the spec-
tacular conquest of the country.

Wallace Beery heads a notable cast
which includes Fay Wray, as the
sister of Don Felipe; Stuart Erwin,
as the newspaper man, Johnny Byler;
Leo Carrillo, as the cold-eyed Dipol-
do; General Sierra, George E. Stone, as
the humorous letter writer for the
illiterate Villa; Joseph Schildkraut,
as General Puel, the traitor; Donald
Cook, as Don Felipe; Henry B. Wal-
thall, as the gentle visionary, Presi-
dent Madero; Katherine De Mille, as
the fiery-tempered, Rosita, Villa's
wife; Philip Cooper, Frank Puglia
and others. Jack Conway directed.

COLUMBIA THEATRE
W. C. Fields featured in Para-
mount's "Hit of a Kind," now at the
Columbia Theatre, is the possessor
of a nose which, while not of the
size of Jimmy Durante's "schmuck,"
is of more or less heroic proportions.
Its architecture and decoration, Mrs.
Fields declares, have given the world
a false impression of him.

PLAYHOUSE THEATRE
"Brief Moment," now playing at
the Playhouse Theatre, and starring
Carole Lombard, is Columbia's adap-
tation of the successful Broadway
stage production.

Miss Lombard is seen in the role
which was portrayed by Frances Lar-
rince on the stage, with popular
Gene Raymond in the part which was
played by Robert Douglas. Monroe
Osway is the "Big" of the play, the
character that the celebrated drama-
tist, Alexander Woolcott, per-
formed back of the footlights. The
original play was by S. N. Behrman,
and the screen adaptation is by Brian
Marlowe.

Dozen Swimmers Will Start To-morrow In The Times Swim

THE SPORTS MIRROR

BREXIDON showing a profitable return on some investments in horseflesh during the last winter. Major Austin C. Taylor, the popular Vancouver owner of the ACT stock farm, has established several unique records in the first two weeks of the British Columbia racing season on mainland tracks.

The accomplishment of his stable in winning six straight handicaps in seven days of running at Brighstone Park was a remarkable achievement in itself. Despite the fact that the Meadowbrook stable is the only one that can offer real contention to the Taylor string, the records for the fourteen days of racing reveal a number of other interesting items.

To start with Mr. Taylor's trainer, George C. Waite, has added thirty-one horses to date. Of these fifteen were the judges' first choice, or an average of just over one a day. Six finished in the second, four in the third position, leaving only six that came home "out of the money." Incidentally, two fast horses, Joyaim and Kia Ora, accounted for four of these "outs" so that except for this pair, Taylor could have been worse than third only once.

Now, to the average punter, this would sound like a sweet betting proposition. Only six uncashed tickets for "show" in thirty-one tries. Yet, strangely enough, a week of the same amount on even one of the Taylor string in the show spot would have shown a net loss. This is chiefly because in six of the races which they either won or ran second there was no show betting due to the small field, and the returns were small anyway.

How about place? This was a little better, but a \$2 pastebord on each one for the second slot, despite only nine losing bets out of thirty, would return a net profit of only \$2.30. And the straight is almost as poor, with a profit of only \$10.35 if every one had been wagered on the nose.

The reason for this, of course, is quite obvious. Mr. Taylor has such an enviable reputation for sending his horses to the post fit and ready to run that the public flocks in picking up the best in every class.

Here are the figures for \$2 bets on the two weeks' racing:

	Wagers	Returns	Profit
Straight	62	8 72.35	- 5.35
Place	50	45.90	- 4.20
Across board	172	180.45	+ 7.55

Four of the fourteen races which have started for Taylor have won their only start. Good Guys, Lily May, Gertie and Orison, and one other each. Every one of his other horses has topped at least once, except Joyaim, Kia Ora, and his recent claim, Barilla.

Only three of his winning horses have not been favorites in the mutuels. Right of the fifteen winners were odds-on in the betting.

All Mr. Taylor's luck has not been good, however, for he has lost eight of the claiming races, and three of the stakes. He has lost \$1,000 in the claiming races, and \$2,000 in the stakes. He has also lost \$1,000 in the stakes, and \$2,000 in the claiming races.

While his investment in the ACT Stock Farm probably runs into the hundreds of thousands, so far, to say the least, he has not lost a cent of it. He has won a pretty fair dividend even this early in the season. The purses alone have amounted to \$5,580.

Besides the stable has either tied or broken four track records since the season opened, and this despite four days of muddy track at Brighstone Park. The fine western bred by Simony, tied the five-and-one-half furlong mark at Lonsdale in 1:45.2, and was later beaten by a head by Griggs, running for a new owner, when the six-furlong mark was cracked in 1:41.2.

His other western-bred, Flying Homer, equaled the mile and one-sixteenth time at Brighstone in 1:45.3 on July 12, and only to have the old-fashioned horse turn in a remarkable performance in the match race against Marcella and chop a full second, and one-fifth off this mark.

A new bunch of fight experts is being crunched all over the world by the "movie" industry. The old-time experts never had a chance to see a knockdown punch in slow motion; they didn't have the opportunity to see the fight over again if they wished to; and in several respects the moving pictures are a scientific improvement on the ring-side observation of a fight. People who have seen nothing but the films of a fight, however, pick up some peculiar impressions. Several movie-going fight experts have never talked with him, have never seen him except on the screen when he was routing a fellow boxer, and have been under the effect of Max Baer's bar-room wallop, have been discouraged by the hour about the dullness of the fight.

To have a very definite opinion of a man on such second-hand evidence is like trying to read character in the face of an election poster.

POSTPONED BY RAIN

San yesterday evening resulted in the selling off of the Twilight Baseball League game, all official games, matches in the regional invitationals, tennis tournaments, and the boys' time trials. Whether permitting the trials will be staged this evening at 6:30 o'clock.

Denny Walker To Defend Honors In Marathon Classic

OFFICIALS FOR DISTANCE SWIM

Officials for The Daily Times Swim to-morrow afternoon follow: Starter—Premier T. D. Pattullo. Referee—Archie McInnes, physical director of Y.M.C.A. Clerk of course—Art Hansen, Marine and Fisheries. Announcer—J. M. "Pete" Sallaway, Sports Editor, Victoria Times. Timekeepers—Walter Duncan. Physician—Dr. J. D. Munster. Judge of start—Phil Van Froom. Recorder—Art Stott, Victoria Times. Finish raft—Chief of Police Thomas Healey.

ISLAND TENNIS PLAYERS WIN

Kay Staples and Susan Hadwen, Duncan, Advance in B.C. Junior Meet

Vancouver, July 20.—Kay Staples and Susan Hadwen, Duncan, who established a firm favorite for the girls' title Wednesday, when she won convincing victories in two matches, continued her march toward provincial honors yesterday with a three-set win over Nora Cooke, 6-4, 6-3.

Susan Hadwen, the other island entry, also advanced, defeating a clubmate of Miss Staples, turned back B. Bristol, Vancouver, Wednesday's unexpected conqueror of Kay O'Grady, Victoria, by scores of 10-2, 6-4.

DOUBLES FAULT
Miss Cooke gave her Duncan opponent a stiff battle in the first set of their quarter-final match yesterday, dropping the first two games. A double fault and well-placed baseline drive reversed the score for Miss Cooke in the second, but she was unable to keep up with the smooth stroking and accurate placements of the Duncan ace in the third and final sets.

Miss Hadwen likewise found trouble in her opening set with Miss Bristol, and was taken to eighteen games before pulling off victory. In the second set, however, she was a brilliant service and keen placement.

In the only other girls' match yesterday, D. Gooding, best of Cummins, 7-5, 6-4, and met Miss Hadwen in one half of the semi-final to Zita Allen, Vancouver, and Kay O'Grady, Victoria, play the quarter-final to-morrow, with the winner meeting Miss Staples in the other half of the semi-bracket.

Only one match in the boys' class was played, P. Keatley, Vancouver, beating K. Walters, also of Vancouver, 6-4, 6-3.

After two matches of the day were cancelled.

KING SALMON RACE VICTOR

Captures Rich Eclipse Stakes at Sandown Park; Windsor Lad Is Third

Canadian Press
Sandown Park, Eng., July 20.—The English Derby, which has been beaten in the running of the Rich Eclipse Stakes to-day when King Salmon won over the field of ten of the best three-year-olds on the English turf.

Umidwar raced into second place and Windsor Lad, winner of the Derby, was third.

King Salmon is owned by Lord Carnarvon and the veteran Harry Wragg had the mount. Freddy Frog, Umidwar, owned by the Aga Khan, and Charley Smirke had the mount on Windsor Lad, owned by the Marquis of Rhipps.

The distance was a mile and a quarter. The race, one of the richest on the English turf, was worth approximately \$45,000.

Jockey Injured In Fall at Edmonton

Edmonton, July 20.—Jockey D. Stray to-day was in a city hospital as doctors sought to learn the extent of his injuries received yesterday afternoon when he was thrown as his mount stumbled and fell in the race of the day at the exhibition grounds.

Stray was up on Sam Lass, which went down in a heap with Stray led on the back stretch. It is believed either his own mount or the other rolled on him in the mix-up.

He was unconscious when picked up from the track. W. March, up on Terry Lad, was thrown clear.

See Lass was an outsider in the betting.

Victoria Star Will Face Stiff Competition; Three Vancouver Entrants

START AT GORGE AT 2:30 O'CLOCK

Primed for the plunge, at least a dozen contenders for the city's leading distance swimming honors will line the J.B.A.A. float at the Gorge to-morrow afternoon for the annual Victoria Daily Times Through Victoria Swim, three-mile grind, regarded as one of the greatest tests of its kind in western Canada.

According to official entries filed to-day, six mermen and six mermaids will get away at the crack of Premier T. D. Pattullo's starting gun at 2:30 o'clock. Nine will be representatives of the city and three will strive to take the coveted cup back to Vancouver, where it rested during the regimes of John Cameron and George Burrows.

The entry list up to a late hour to-day follows:
Denny Walker, Y.M.C.A. cup defender.
Bill Robertson, Victoria Amateur Swimming Club.
Bob Lawrence, Pacific Amateur Swimming Club.
Syd Welsh, Vancouver Amateur Swimming Club.
William Edward Ellington, Macaulay Point Relief Camp.
Eleanor Peden, Pacific Amateur Swimming Club.
Bette Barnhart, Vancouver Amateur Swimming Club.
Anne Mundigal, Vancouver Amateur Swimming Club.
Thelma Aspinwall, Victoria Y.M.C.A.
Audrey Adam, Victoria Y.M.C.A.
Gay L. Stewart, Pacific Amateur Swimming Club.

TARE POST ENTRIES
In order to give all desiring a chance to test themselves over the long route an opportunity to try the swim, the officials in charge of the race have extended the entry date to take in post entries up to the start of the swim. Those coming in late, however, must bring their own prizes and pilot boats and must be bona fide amateurs.

It is expected two or three will come in under the latter category. An unknown swimmer named Walters has indicated his intention of trying for the laurels without having sent in his entry. Walters, last week stated his hopes of competing if he were in town to-morrow.

All arrangements have been completed for the staging of the event. Swimmers are requested to assemble at the James Bay Athletic Association quarters at 4 o'clock to prepare for the water, changing in the rowing club's quarters and smearing themselves with grease to resist the cold. They will take their clothes to the water, changing in the rowing club's quarters and smearing themselves with grease to resist the cold.

Miracles of Sport

HAZARDS in the "Around Manhattan" outboard race—driftwood—ferries—tugs—barges—waves. A record was set this year: half the entries were able to finish.

Matt McGrath won the N.Y. championship throwing 56 lb. weight 194, his 27th year of competition!

ICAAA hammer throw champion Don Favor breaks precedent. He weighs only 165 pounds.

Canadian Football Champs Eliminated

TENNIS ACES OUT OF PLAY

J. Murio and Muriel Nicholas Pass From Picture in P.N.W. Tourney

Tacoma, July 20.—Two Pacific Northwest tennis tournament favorites, John Murio, San Francisco, and Muriel Nicholas, Portland, were eliminated in yesterday's quarter-final play. Murio defaulted to Harper Masie, Berkeley, while Miss Nicholas bowed before Gustie Hagener, San Francisco, 6-4, 6-3. A back injury forced Murio to default.

Massie met Wayne Sabin, Portland, the defending champion, in the upper bracket men's singles semi-final match, today, while Worth Oswald, San Francisco ex-collegian, and Robert Harmon, smooth stroking Berkeley junior, met in the other semi-final.

Miss Hagener met Mildred Connell, also of San Francisco, in today's semi-final in the women's singles, the winner to oppose Mrs. Golda Myer in the final to-morrow.

Both late in the afternoon forced postponement of several doubles matches, and continued adverse weather will likely extend the tournament until Sunday, officials reported.

THREE GAMES OF BASEBALL

Tillicums-Poodle Dog in League Clash To-night; Fort Warden To-morrow

Teams of the Victoria Senior Baseball League will be busy over the week-end with three matches scheduled. To-night at the Athletic Park the second place Poodle Dog Cafe will tackle the last place Tillicums in a regular league fixture, starting at 6:15 o'clock.

To-morrow a pair of exhibition games are on tap with the Poodle Dog meeting the club from Fort Warden, Washington. The fixture was billed at 2:30 and 6:15 o'clock.

The safe nine will no doubt strengthen up for the exhibition clash with the American squad and the fans will no doubt witness a pair of fast performances.

The line-up of the Fort Warden team was announced yesterday at the Victoria Senior Baseball Club of the American League, announced yesterday evening he had signed Walter Johnson as the club's manager for the 1935 season.

Cleveland, July 20.—Alva Bradley, president of Cleveland Indians Baseball Club of the American League, announced yesterday evening he had signed Walter Johnson as the club's manager for the 1935 season.

Triples—Gehringer, Tigers, 3.
Home runs—Johnson and Fox, Athletics, 28.
Stolen bases—Werber, Red Sox, 22.
Pitching—Gomez, Yankees, 14-2.

WALTERS IS LEADER
C. P. Walters, Worcestershire, led the English batting with 44 runs, while Hammond, sliding into the wicket with 27. Clarry Grimmett took four of the English wickets for 57 runs and W. J. O'Reilly got three more for 50.

William Bowe, Yorkshire's six-foot-four fast bowler, proved highly troublesome for the Aussies, getting all three of their wickets before the close.

The teams opened the fourth match on even terms, each having won one game in the three-match series. There was a suggestion of dampness on the pitch, drying out slowly under a stifling sun and in the absence of wind.

Herbert Sutcliffe, Yorkshire's great opening batsman, was unable to get in the match, not being recovered from a leg strain he received early in the week.

The Aussies fielded the same eleven as in the third test match at Manchester. Walters and Keeton, a promising young fast bowler, opened the bowling. Walters sent T. W. Wall's first offering to the cover boundary and then knocked a short one to C. E. Broadbent, who was caught out by a boundary. Keeton bowled down a maiden over to Keeton.

Keeton did some nice legging and sent a crisp square-cut from Wall to the boundary. Walters sent T. W. Wall's first offering to the cover boundary and then knocked a short one to C. E. Broadbent, who was caught out by a boundary. Keeton bowled down a maiden over to Keeton.

O'Reilly eventually drew Keeton into a defensive stroke. A leg spinner curled off the edge of his bat into the hands of stumper W. A. Oldfield. Keeton had scored 25 and the first wicket fell with 46 runs on the board. Walters, who had reached 18, was joined by Wally Hammond.

Walters hit a few singles and then Hammond opened his innings with a typical boundary to the off from the hands of stumper W. A. Oldfield. Keeton had scored 25 and the first wicket fell with 46 runs on the board. Walters, who had reached 18, was joined by Wally Hammond.

DELAY SPLIT IN SWIM BODY

Victoria Clubs Wait Further Information Before Breaking Away

After a lengthy discussion on the pros and cons of splitting away from the British Columbia section of the Canadian Amateur Swimming Association and setting up their own organization with direct affiliation with the I.A.A.F., swimming heads of Victoria decided to secure further information on the consequences before taking that step, at a meeting in the Crystal Garden yesterday evening.

The gathering, at which the Victoria Amateur Swimming Club, Y.M.C.A. and the Pacific Swimming Club were represented, was presided over by M. D. Harbord, head of the Vancouver Island Swimming League, a past president of the I.A.A.F. and a member of the Victoria committee.

Those against the split referred to the fact that the I.A.A.F. was a body of local swimmers and that the Victoria committee would be in a position to gain adequate representation on the mainland for meetings of the provincial body. Views were advanced in favor of the split as a means of securing a more active section on the grounds that Vancouver headquarters seemed to be in a muddle and that even if affiliation was retained it would be impossible for Victoria to gain adequate representation on the mainland for meetings of the provincial body.

Views were advanced in favor of the split as a means of securing a more active section on the grounds that Vancouver headquarters seemed to be in a muddle and that even if affiliation was retained it would be impossible for Victoria to gain adequate representation on the mainland for meetings of the provincial body.

LOCAL RINK GAINS FINAL

Marconini's Squad Continues Fine Play in Vancouver Lawn Bowling

Vancouver, July 20.—Three Vancouver Island entries and one from Oakland, Cal., were left in three competitions of the British Columbia lawn bowling championships here yesterday evening. Marconini's Victoria rink reached the final of the Bowler rink competition with a 17-11 victory over Thompson's Terminal squad.

In the Mercer doubles knockout series, Brown and Mossey, Cumberland, after beating Oldershaw and Crowe, Terminal, 14-3, earlier in the day, beat Crooks and McCougan, Terminal, 16-9, in a second round match yesterday evening.

The only other island team left in the three events, Finlay and Hartman, Burnside, Victoria, beat Finley and Seaton, Stanley Park, 15-12, to enter the second round of the McKay doubles knockout series.

In the same series, Evans and Burdon, Nanaimo, after beating Drinnan and Smith, Vancouver, 12-3, lost to Throver and Throver, Vancouver, by a single point, 12-13.

The Oakland pair of Harwood and Edgar beat their fellow townsmen, Artell and Dabell, 15-12, in the second round of the Mercer doubles.

Evans, 20; Burdon, White Sox, 20; Collins, Cardinals, 20.
League totals—National, 427; American, 424. Total, 851.

MARTIN WINS STIFF MATCH

Defeats Laird Watt in Ontario Title Tennis After Five Bitter Sets

Toronto, July 20.—Canada ranking tennis player, Walter Martin, Toronto, and Reginald Sturges, Toronto, met in the Ontario singles title here yesterday, an evenly fought battle in time to hard hit, reaching the semi-finals with five-set victory over Laird Watt, fellow Delta copper from Newmarket.

Martin came from behind with brilliant finish to win at 6-4, 1-6, 6-4, 6-4, as the McGill University's game fell completely to pieces of its own accord.

The triumph sent Martin into semi-final bracket against the country's No. 2 player, Harold Harty, Montreal, who ousted George Lodi, Ottawa, in straight sets, 6-1, 6-0, in their quarter final contest. G. Lodi, Toronto, was the only qualified semi-finalist. He defeated London Longford, Montreal, 6-4, 6-4.

After playing three sets, with powerful momentum leading by 6-0, 6-4, 6-4, Bobby Murray, Donald Leabong, Jamaica, were too fatigued to finish their match. Murray, Toronto, was the only qualified semi-finalist. He defeated London Longford, Montreal, 6-4, 6-4.

Wheat Prices Fall As Weather Breaks

Winnipeg, July 20.—Wheat futures prices, except by selling from all sides throughout the session, made some recovery in late dealings to close 1 1/4 cents lower on the Winnipeg Grain Exchange to-day.

Values shortly before the finish had been more than two cents under the previous close but the rally left the July future at 84 1/2 cents, October 87 1/2 cents, and December 87 1/2 cents.

Refreshing rains throughout western Canada and a forecast of more to come dampened the hopes of yesterday's buyers.

Prices went sharply lower at the opening, recovered to show moderate advances and then slipped again, and the effect of excellent export sales failed to halt the decline. One million bushels of wheat in storage at Churchill, Manitoba's northern seaport, were reported sold and scattered loads brought the total sales to approximately 1,250,000 bushels.

Chicago turned lower with Win-

more than two cents down at one period, and Liverpool closing 1/4 cent off after an early advance of 1/4 cent had been erased.

Little of interest was shown in cash grain dealings and though some demand was in evidence for higher grades of wheat, coarse grain futures took their cue from wheat, turning generally lower.

Chicago, July 20 (Associated Press).—All of this week's advance of wheat prices was abruptly wiped out late to-day, largely because of selling induced by well distributed rains north-west.

The rains, though light, were both north and south of the Canadian border. They were accompanied by forecasts of more showers and of cooler temperatures.

Wheat closed nervous, 1 1/4 to 2 1/2 under yesterday's finish, September new 80 1/2 to 80 3/4, corn unchanged to 1/2 cent lower and oats 1/2 to 1/4 off.

B.C. CROPS TWO WEEKS EARLY

Montreal, July 20.—Crops over most of Alberta and the northern areas of Saskatchewan continue to make favorable progress but dry weather in Canadian prairie, current estimates of a late start in the fall, have caused further deterioration over the southern areas of Saskatchewan and Manitoba. It is reported in the weekly crop report of the Bank of Montreal issued here yesterday.

Harvesting has been serious in limited areas of Saskatchewan and Alberta. In British Columbia, crops continue to mature several weeks earlier than usual.

Detailed reports of British Columbia: The yield of hay is above average. Harvesting of fall wheat has commenced and average grain crops are indicated. Early onsets and early ripening of crops are now being shipped. Apricots are being picked and, although small, an above average yield is expected. Other tree fruits and semi-ripe tomatoes are now being shipped. Pasture generally is good and there has been no shortage of water for irrigation purposes.

FAILURES TOTAL IS DOWN AGAIN

Ottawa, July 20.—Another decrease in the number of assignments in Canada was experienced in May. Commercial failures numbered 122, compared with 175 in May, 1933. The liabilities amounted to \$2,481,310, compared with \$2,816,800.

Failures in Ontario numbered forty as against seventy. The liabilities were about \$480,000. Commercial failures in Quebec numbered sixty-eight compared with seventy-five, with liabilities of approximately \$927,000.

TO-DAY'S EXCHANGE

New York, July 20.—Foreign exchange easy.

Great Britain—Demand 5.04 1/2; 60-day bill 5.02.

France—Demand 5.50 1/2.

Italy—Demand 5.27 1/2.

Belgium—Demand 22.22.

Germany—Demand 20.25.

Canada—Demand 101.51 1/2.

New York, July 20.—Call money steady, 1/2 per cent all day.

Time loans steady; 60 days, 6 months, 1/2 to 1 per cent.

Prime commercial paper 1/2.

Bankers' acceptance unchanged.

Discount rate, New York Reserve Bank, 1 1/4 per cent.

TO-DAY'S GRAIN FIGURES

CLOSE WEAK AT MONTREAL

Montreal, July 20.—With but few exceptions, security prices on the Montreal Stock Exchange were down at the close to-day.

Bruck & Co. declined a point at 12 1/2. Consolidated Smelters dipped nine points at 1.60. Steel of Canada was down 1 1/4 at 34 1/2. Canadian Industrial Alcohol "A" dropped 1/2 at 6 1/2.

Canadian Breweries advanced 1/2 at 27 1/2. General Steel Works gained 1/2 at 4 1/2. McColl-Pratt also advanced 1/2 at 13 1/2.

LOSSES RULE AT TORONTO

Toronto, July 20.—The industrial market kicked around within a narrow range and closed with losses predominating. Consolidated Smelters closed five points lower at 1.60 and International Paper lost 1/2, closing at 37 1/2.

Nickel dropped back to 25, down 1/2. Steel of Canada lost 1 1/4, closing at 34 1/2. Canadian Breweries advanced 1/2 at 27 1/2. General Steel Works gained 1/2 at 4 1/2. McColl-Pratt also advanced 1/2 at 13 1/2.

SELLING SEEN IN BIG GOLDS

Toronto, July 20.—New York sold some of the big gold stocks this afternoon to add to the unemployment of the Toronto Mining Market, already weakened by profit-taking.

Domestic dropped to 940 for a loss of 1.00, and McIntyre at 947 was off 1.00.

Gold's Lake closed at 2.75 for a net gain of 1/2. Ontario Gold gained 1/2 at 2.50. McIntyre and Moore came up strong, the former 15 to 25, and the latter 17 to 27. San Antonio at 3.50 was down 25c. Red Antler came back to close at 1.50. Little Long Lac gained 10c. McKenna at 1.50 and Bolyo 3. Buffalo-Ankerite dropped 1/2.

Not Worried On Wheat Rise

Washington, July 20.—One thing the Farm Administration never explained was why it did not worry less the drought and wheat prices seemed to heights that would cause concern.

There was not a chance. With the price of wheat running around 84 cents a bushel at Buenos Aires, foreign wheat could have begun to up stream, the former 15 to 25, and the latter 17 to 27. San Antonio at 3.50 was down 25c. Red Antler came back to close at 1.50. Little Long Lac gained 10c. McKenna at 1.50 and Bolyo 3. Buffalo-Ankerite dropped 1/2.

CALGARY LIVESTOCK

Calgary, July 20 (Canadian Press).—Receipts: 222 cattle, 30 calves, 1,185 hogs and 168 sheep and lambs. To-day, up to noon, 111 cattle, 127 hogs and 113 sheep and lambs. The cattle market was slow, hogs were lower, select \$9.50, common \$8.50. Good butcher steers \$9.50, common steers \$8.50. Sheep and lambs, medium butchers cows, \$12.50-15.00; common veal calves \$2.75.

Metal Group Heads Wall Street Slide

New York, July 20.—Stocks turned sharply downward to-day under the leadership of the metal group. The decline was attributed partly to an

sequence of professional operations based on the weak of satisfactory psychology and rumors of disquieting foreign situation.

The close was rather weak. Transfers approximated 1,200,000 shares, the largest since June 8 last.

A selling flurry, which came in the second hour, was of sufficient speed and volume to put the floor tape a little behind floor transactions for the first time in several weeks.

NEW YORK STOCK EXCHANGE

FRIDAY, JULY 20

By John G. Gurnea & Co.

Down Jones averages dipped at the close to the following figures: Twenty index, 64.64, off 1.47. Twenty utilities, 21.50, off 0.55. Forty industrials, 20.44, off 0.91.

The range of to-day's Dow Jones averages was as follows:

INDUSTRIALS: 21.50-22.50, off 0.94. 22.50-23.50, off 1.14. 23.50-24.50, off 1.48. 24.50-25.50, off 1.68.

UTILITIES: 21.50-22.50, off 0.55. 22.50-23.50, off 0.77. 23.50-24.50, off 0.97. 24.50-25.50, off 1.23.

Weakness of Winnipeg and northwestern grain caused a break of a cent or more a bushel in Chicago wheat, and this, observers said, may have encouraged a renewal of professional operations for the decline in stocks. Corn, oats and rye showed resistance and the general recorded some recovery later. Cotton lost more than one dollar a bale. Rubber and silver did virtually nothing.

International currency rates were a trifle better.

Despite general softness of shares, Canadian and American stocks, however, edged into new high territory for the year, but United Aircraft, Aviation Corp., Schenck, National Distillers, New Haven preferred and many others established new 1934 lows. The utilities were only slightly off and American Sugar Refining was a bit firmer. Columbia Carbon, Tobacco edged into new high territory for the year, but United Aircraft, Aviation Corp., Schenck, National Distillers, New Haven preferred and many others established new 1934 lows.

The metals, apparently reflecting the feeling that drastic inflation is not due for at least some time, if at all, were again the leaders of the downturn. U.S. Smelting, American Smelting, Cerro de Pasco and Howe Sound yielded around one to more than two points.

Fractional declines were suffered by shares of Dome, McIntyre, Canadian Pacific and International Nickel. Dominion government bonds were steady, while the Canadian dollar was unchanged at 101.21 1/2 cents.

New York, July 20.—The bond market developed a soft tone to-day, with rails leading many other issues to lower ground. There were scattered gains in the industrial and utility groups. Among the rails, Baltimore and Ohio 4 1/2s, Erie 5s, Nickel Plate 4 1/2s, New York Central 5s and Southern Railway 4s were the chief winners. Pennsylvania 4 1/2s, Union Pacific 4s, and Great Northern 4 1/2s were exceptions to the general downturn. American and American Power & Light 5s, Detroit Edison 4 1/2s and Consolidated Gas 5 1/2s showed gains in the utility section. American Smelting 5s moved fractionally higher. Oil issues were steady except for Phillips Petroleum which eased.

U.S. Government issues were mixed, showing small but irregular changes, on either side of the previous close. A number of foreign bonds were higher, although Argentine, Brazilian and Colombian obligations dipped. German bonds were irregular.

U.S. Smelting, American Smelting, Cerro de Pasco and Howe Sound yielded around one to more than two points.

Fractional declines were suffered by shares of Dome, McIntyre, Canadian Pacific and International Nickel. Dominion government bonds were steady, while the Canadian dollar was unchanged at 101.21 1/2 cents.

**Tug Roosevelt of Seattle
Towing 6,000,000 Feet of
Lumber to San Diego**

Seattle, July 20.—Shipping men are

bound down the coast with a 600-foot raft of logs for delivery to San Diego.

The Rosewell and her tow left Astoria July 9 and if all goes well she will make the voyage in fifteen days, dropping two days from the date of her previous trip with a 600-foot log raft from the mouth of the Columbia River to the south-east entrance of the San Diego Bay.

W. H. F. Nalson, president of the towing company.

The Rosewell recently delivered a cargo of logs to a San Diego lumber company. She is now bound

Sail the smooth, open seas to a portland "Prince" again on the Land of the Midnight Sun. Tossing crops, dandelion greens, brilliant sunbathing clothes, brilliant swimming trunks, most thrilling trip of your life! Two whole days of Shangri!

same firm, which advises moving of rats from Astoria to San Diego 1907.

Raft No. 101 contains some 6,000-100 feet of lumber, enough for about 100 five-room houses. The Roosevelt took seventeen days for her voyage with raft No. 100. This is the third year the Tamed tug has been towing the huge cigar-shaped rafts from the mouth of the Columbia River to Southern California.
